FULL-WEEK EXCHANGE

Whether you're a weeks-based member or own points with a club, you can use your vacation time for a week at another Interval-affiliated resort in destinations around the world. Just follow our handy guide to help you get the exchange you want.

METHODS OF EXCHANGE

Interval is the only major exchange company that offers two exchange methods systemwide: **Deposit First** and **Request First.**

If You're a Weeks-Based Member ...

DEPOSIT FIRST

Deposit your week when you know you want a new vacation experience — something that your home resort can't deliver. If you plan ahead, you can enjoy a travel window of up to four years — deposit up to two years before the start of your home resort week, and travel up to two years after.

REQUEST FIRST

For members who want to retain their home resort week until a request is confirmed, this exchange method lets you tell us where you want to go, and allows you to keep your resort time until an exchange has been confirmed. You can place an exchange request up to two years in advance of your home resort week, and you can still travel to your home resort if you don't receive an exchange confirmation.

HOW-TO

Sign in to intervalworld.com and click on the Exchange tab. Search for availability, then select the unit you want to redeem. If what you're looking for is available, you'll receive an instant confirmation. If you don't get an instant confirmation, use the Deposit First or Request First method of exchange. Note: All points-based members will use Request First when making an exchange.

If You're a Points-Based Member ...

USE REQUEST FIRST. Just place a request and keep your points until we confirm that you have enough to make the exchange that you have chosen.

TRADE SECRETS: GETTING THE EXCHANGE YOU WANT

1. **Maximize Your Trading Power:** If you deposit your week two years in advance of your home resort week, your trading power will be greater than if you do so, say, six months in advance. What's more, your power is locked in at the time of your deposit.

2. **Place a Request:** Whether you choose Deposit First or Request First, and whether you own a week or points, place a request as soon as possible. We'll do the searching for you.

3. **Be Flexible:** When you place a request, give us as many resort-and-date combinations as possible.

4. **Go Small:** To improve your exchange opportunities, request the smallest unit that will accommodate you and your traveling party.

5. **Check Back Often:** Exchanging is *not* like booking a hotel room. New resort weeks are added to our system regularly, so the week you want may become available at any time.

When You Complete an Exchange ...

You'll receive a vacation confirmation (via email or the postal service) that includes the details you were provided about the unit, resort, and surrounding area when you exchanged. If you are confirmed from a pending request, you might be seeing some information for the first time, so review thoroughly.

Make a full-week exchange at intervalworld.com.

EXCHANGE ACCESSORIES

Get more out of your exchange benefit with these products:*

Deposit Extensions
If you've deposited your week, but can't make an exchange before it expires, you can increase the life of your deposit by purchasing a six- or 12-month extension.

E-Plus®
You've already confirmed an exchange, but you'd prefer a different destination or travel date if it becomes available. Re-trade up to three times to another available resort for a low, one-time fee.

Guest Certificates**
Give the gift of travel to a family member or a friend. You can purchase a Guest Certificate for an exchange or Getaway vacation. (They're free for Interval Platinum members.)

Unit-Size Upgrades
Let's say you're traveling with a larger party than usual, or you just want more space. From time to time, you may be able to purchase an upgrade to a larger unit when you exchange your week.

Choose2
Get another week without relinquishing any more vacation time. On occasion, when you confirm an exchange, you can reserve a second unit for the same week or another week thereafter. Just pay the exchange fee for each week.

Insurance***
Protect your next vacation through Interval. Purchase insurance to guard against a variety of mishaps that can occur before and during your trip, and cause you to cancel.

Traveling on Short Notice?

FLEXCHANGE is perfect for spur-of-the-moment trips. You can request an exchange from 59 days to 24 hours before check-in. For a selection of destinations, sign in to intervalworld.com and click on the Exchange tab.

To find out more about these products, go to intervalworld.com or call a vacation advisor today.

**In addition to full-week exchange confirmations, can also be used with ShortStay Exchange confirmations and Getaway purchases.

GETTING A COMPARABLE TRADE

When you place an exchange request, Interval's state-of-the-art system evaluates your resort week, based on the following factors, so that the vacation accommodations you receive and your vacation experience are comparable to those at your home resort.

RESORT QUALITY

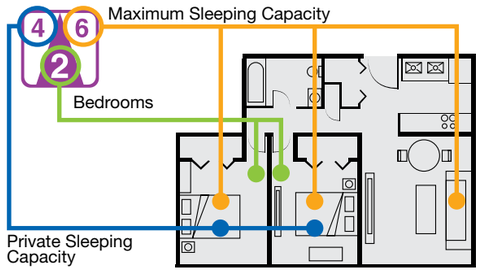
Interval measures and monitors the quality standards of our member resorts by reviewing evaluation forms received from exchange guests, conducting resort inspections, and employing our Quality Rating System. Factors considered include aspects of the resort, units, and destination; physical attributes of the property and facilities; the availability, quality, and scope of guest services and amenities; and resort location.

SUPPLY AND DEMAND

The resort weeks that are available (the supply) are those that have been offered for exchange by Interval members. But when members who own at highly desirable destinations during peak travel periods (in the Colorado Rockies at the height of ski season, for example) do not give up their week for exchange, there may not be enough resort space available to satisfy every member's vacation request (the demand). To help you better understand the ebb and flow of leisure travel demand within a destination area throughout the year, Interval provides its proprietary Travel Demand Index (TDI). To learn more about the TDI, see facing page.

SLEEPING CAPACITY

Sleeping capacity is determined on the basis of two people per private sleeping area — not maximum occupancy. Units with more private sleeping areas are often in greater demand and generally will yield higher trading power. (From time to time, you may have the opportunity to upgrade to a larger unit for a fee.) To determine the private sleeping capacity of a particular resort unit, refer to this number in the *Travel Planner*, the Newest Member Resorts section of this publication (see page 54), and in the Resort Directory at intervalworld.com. To determine the maximum occupancy of an Interval resort unit, refer to this number.



Interval's system is designed to give you a comparable exchange wherever you travel.

TRAVEL DEMAND INDEX

To assist you in planning your next vacation — whether you are exchanging a resort week or purchasing a Getaway, vacation package, or other travel products — Interval's Travel Demand Index (TDI) will help you determine when the best opportunities for travel are likely to be available. The Travel Demand Index can be found throughout the *Travel Planner* and in the Resort Directory at intervalworld.com.

THE TDI AND HOW IT WAS DEVELOPED

When you place an exchange request or attempt to book any other travel reservation, the TDI serves as a useful guide by demonstrating the historical strength of demand in a given area during each week of the year. If you trade with points, the TDI plays a major role in determining how many points you will need to make an exchange with Interval.

The TDI reflects historical hotel and resort data on occupancy and average daily rates, supplemented by the historical relinquishment and redemption data experienced by Interval's network. This information serves as a good indicator of the demand for accommodations and inbound leisure travel patterns in a given area, and will help you plan your vacation.

HOW IT WORKS

The TDI consists of seasonal indexes shown on the first page of each feature in the *Travel Planner* and in the Resort Directory at intervalworld.com. (The seasons are roughly represented by gray for the Northern Hemisphere's winter, green for spring, blue for summer, and orange for autumn. Note that the seasons occur at opposite times of the year in the Southern Hemisphere.) Each area in the region is assigned a numerical index for every week of the year, with 100 representing the average inbound leisure travel demand. The higher the figure is above 100, the greater the relative leisure travel demand for the area during that week. Numbers below 100 indicate periods when it may be easier to confirm exchange accommodations and less expensive to reserve other travel services.

The seasonal indexes reflect the cycles of leisure travel demand over the course of a year. For example, higher seasonal indexes in winter periods are typically observed in regions that are beachfront warm-weather locations or ski destinations. Some peaks are associated with tourist-drawing events that are held regularly during specific weeks. Holidays, special events, and other desirable vacation periods typically have greater relative demand for leisure travel services such as accommodations, and higher rates within those specific weeks. And, floating holidays may occur during different weeks from one year to the next. Keep in mind that in any given year, the actual demand patterns may deviate from historical trends due to severe weather and other unpredictable occurrences.

SHORTSTAY EXCHANGE

Available to **Interval Gold** and **Interval Platinum** members only, ShortStay Exchange lets you trade your home resort week for two separate vacations — each from one night to as many as six. If you're a points-based member, you can make as many ShortStay Exchanges as your available points allow.

HOW-TO

Select ShortStay Exchange under the Exchange tab at intervalworld.com.* Select the resort time that you want to trade. (You can also use an unredeemed deposit.) Choose a destination and length of stay, then select an available resort.

*You can also call a vacation advisor. Whether you make a ShortStay Exchange online or by phone, if you're a weeks-based member, the expiration date of the original deposit applies to the remaining portion of the deposit. Each ShortStay Exchange requires payment of an exchange fee.

Make a ShortStay Exchange at intervalworld.com.

ShortStay Goes a Long Way

We know that sometimes you'd like to travel to a couple of different places, and don't necessarily want to stay for a full week each time. Here are some ShortStay Exchange ideas to consider for a long weekend, midweek break, or any other less-than-a-week vacation.

City Lights *and* Theme Park Thrills

Enjoy a long weekend in **Las Vegas**, where you'll have plenty of time to catch a live show, roll the dice at a casino, dine at some of the hottest restaurants, and experience the city's vibrant nightlife. Later, spend a few days in **Orlando** with the kids, where you can pick a different theme park to visit each day.

Mountain Adventures *and* Beach Relaxation

GETAWAYS

Getaways are seven-night resort stays (no exchange involved) that give all members the chance to vacation more for less money. Here are five reasons Getaways are one of the most popular benefits of membership:

1 The accommodations are often more spacious than a hotel room, and typically include a full kitchen, living room, and numerous amenities.

2 Getaways are available in destinations around the world at member resorts, as well as at resorts outside of the Interval network. From the U.S., Latin America, and the Caribbean to Europe, Asia, and Africa, we've got you covered.

3 Prices are likely to be cheaper than a few nights at a hotel, making Getaways a great deal for an entire week, or even just a long weekend.

4 The rates are so great that they're backed by our Best Price Guarantee. If you find the same unit size and resort for a lower price elsewhere, we'll refund the difference.*

5 You can book ahead — up to 18 months in advance of your travel date — or as little as 24 hours before check-in. Special deals are also available every day at intervalworld.com under the Deals tab.

*For Best Price Guarantee, find a lower price for the stay you booked with Interval, and Interval will refund the difference. The lower price must be found within 24 hours of booking your Getaway, for the same unit size and resort, for the same time period reserved. For the complete terms and conditions of the program, go to intervalworld.com.

GETAWAYS

OH, THE PLACES YOU CAN GETAWAY …

There are two kinds of Getaways. First, there are the Getaways in destinations that are also available through exchange. These present a wonderful opportunity if you want to go to your home resort (or stay within your club) *and* enjoy a different vacation experience in a new location.

Then there are the Getaway weeks that are offered in destinations that have little to no exchange availability. Many of these Getaways are in cities, which have historically been underserved by vacation ownership. By making these high-demand locations available to you at a low cost, we aim to enhance the value of your membership. On these two pages, we highlight just four of these destinations that will be available through the Getaway program in 2019. Go to intervalworld.com to see where else you can go.

CHICAGO

The Windy City may be known for its landmark attractions — Willis Tower, Cloud Gate, Navy Pier, to name a few — but Chi-Town is also jam-packed with hidden gems. The Garfield Park Conservatory is a tropical oasis in the middle of Chicago's concrete jungle. Showcasing thousands of exotic plant species from around the globe, the conservatory is open year-round with free admission. Established in 1907, Green Mill Cocktail Lounge has been a longtime hub for jazz music. It was also Al Capone's favorite hangout. Rumor has it that the mobster would use a series of underground tunnels as an escape route from the police. Today, the lounge carries its legacy as a jazz institution with nightly performances.

ROME

Rome is chock-full of surprises. Located amid the hustle and bustle of the city center is Villa Borghese, one of the largest public green spaces in Rome. Here you can explore the 17th-century Galleria Borghese, and admire Bernini sculptures and important works by Raphael and Caravaggio; wander the 42-acre (17 hectares) Bioparco di Roma (Rome Zoo bio park); or simply peruse the perfectly manicured gardens as you take in the Eternal City views. Steps from the Trevi Fountain is Galleria Sciarra. Built in the heart of the Art Nouveau movement, the courtyard delights with colorful frescoes and a glass-and-iron ceiling.

WASHINGTON, D.C.

Diverse culture, fascinating history, and a thriving culinary scene are what you'll find in the U.S. capital. Admire the works of 19th-century American painter Mary Cassatt, Polish textile sculptor Magdalena Abakanowicz, and more than 1,000 other female artists at the National Museum of Women in the Arts. Visit Ford's Theatre — the site where President Abraham Lincoln was assassinated — and learn about his early days in the White House, as well as his final moments. Delight your taste buds with baked goods, local produce, and fresh meats at the Eastern Market on Capitol Hill. Open every Tuesday to Sunday, the market comes to life on the weekend, when local artists and crafters showcase their one-of-a-kind creations.

LONDON

London's sites have enticed visitors for decades, but the city's culture is what gives the English capital a more diverse appeal. Visit bustling Chinatown and grab a bite of lunchtime dim sum at Golden Dragon; treat your body to Chinese herbal remedies at Beijing Tong Ren Tang; or indulge in sweet, homemade egg-waffle cones at Bubblewrap. Take a boat ride through the tree-lined canals of Little Venice, and wander the rose gardens and fountains of Regent's Park. Or visit BAPS Shri Swaminarayan Mandir (aka Neasden Temple). Hand carved in India and built in London, it is composed of 5,000 tons (4,536 metric tons) of Italian Carrara and Indian Ambaji marble, and Bulgarian limestone — a testament to London's diversity.

ALL-INCLUSIVE VACATIONS

> I have been to the all-inclusive resorts. I love them. We get three meals a day and food in between, if desired. Alcohol and other drinks [are] included. If you do the math, the price is perfect. Also, entertainment, service, and amenities far exceed expectations.
> — chloeflirt

If the idea of getting away and leaving your worries behind sounds appealing, then consider an all-inclusive vacation, where the only thing you have to worry about is what fun thing to do next. Here are five reasons all-inclusive vacations are so great:

1. Food and drinks (alcoholic and nonalcoholic), and some services and amenities are typically included in the price.
2. Many all-inclusive resorts are destinations in themselves, with features from beachfront access and an array of pools to numerous restaurants, spas, water sports, entertainment, shows, and dedicated spaces for kids.* You don't even have to leave the property to have a full vacation experience.
3. You can focus on enjoying the moment rather than racking up charges. Think of it like you would a cruise — with drinks included!
4. Whether your tastes tend toward only-the-best or a budget-minded experience, and whether you're traveling with children or looking for some kid-free downtime, there's an all-inclusive resort for you in Interval's network.
5. All-inclusive vacations are available via exchange or by purchasing a Getaway.

*Specific resort offerings and inclusions vary.

Make an all-inclusive exchange or buy an all-inclusive Getaway at

Note that the all-inclusive fee is in addition to the exchange or Getaway fee that you pay Interval.

NCL NORWEGIAN CRUISE LINE®

CRUISE YOUR WAY

Norwegian has built its reputation on casual, easygoing cruise travel. Nearly 20 years ago, the line shook up the industry by breaking the rules of cruising — essentially eliminating dining schedules, making formal attire optional, and presenting a variety of distinct eateries and cuisine options. Eat early with the entire family one evening, and the next, sneak out for a couples-only date at one of several specialty restaurants. This freestyle approach extends to onboard entertainment, too. Passengers can enjoy a range of standout amusement options and family-friendly activities. Even the accommodations and disembarkation processes are more flexible to allow vacationers to create their perfect cruise experience.

Royal Caribbean® INTERNATIONAL

SETTING SAIL FOR ADVENTURE

Yes, you simply can relax during a Royal Caribbean International cruise. But you might be the only one. This line is known for introducing revolutionary activities to the maritime travel market. It started back in 1999 with the now-iconic rock climbing wall. Surf simulators, cantilevered hot tubs, circus training, robotic bartenders, skydiving wind tunnels, and more followed. And innovations aren't limited to the ships. The Multi-Day Adventures program makes it possible for passengers to take immersive, overnight shore excursions. The end result is that Royal Caribbean passengers tend to be some of the youngest-at-heart (though, not always the youngest) folks at sea.

Carnival®

IT'S ALL FUN AND GAMES

Carnival continues to rank as one of the world's most popular seafaring brands. And it's easy to understand why. The line offers a superb value and plenty of unabashed fun. Indeed, most cruisers know Carnival's vessels as the "Fun Ships," and now the company is urging passengers to "Choose Fun." Which is easy to do once you're aboard. Belly-flop contests are customary, but understand that the fun is both inclusive and diverse, ranging from comprehensive water parks to age-appropriate pursuits in the Camp Ocean children's program and Seuss at Sea family activities, to the adults-only Serenity retreat, and the revitalizing Cloud 9 Spa.

MSC CRUISES

BUON VIAGGIO

Ideal for anyone seeking a modern cruising experience at an affordable price, MSC is perhaps best known for its Italian-influenced ambiance, from the onboard decor and nightly entertainment to delicious regional cuisine. Case in point, the Eataly Restaurant on *MSC Preziosa* gives passengers the opportunity to sample and learn about classic Italian dishes. MSC is also a standout value for families: On select sailings, the cruise fare is waived for children 11 and under (traveling in the same stateroom with two full-paying adults; taxes and port fees still apply). During low and mid-season, the same deal applies to children ages 12 to 17.

THE ROYAL TREATMENT

Best cruise itineraries. Best excursions. Best ships. Best dining. Best spa facilities. Best luxury cruise line. These are just some of the major accolades Princess Cruises has earned over the years. But beyond the big categories, the cruise line clearly sweats the small stuff, too, as evidenced by its enriching book club, exciting art auctions, behind-the-scenes ship tours, and, at the end of an action-packed day — when you've finally returned to your stateroom — the comfortable Princess Luxury Bed, which is now available in all staterooms nearly fleetwide and, yes, won its own award: Best Cruise Ship Bed.

MUCH MORE THAN MICKEY AND MARVEL

Mickey Mouse may be the first thought that comes to mind, but each of the four ships in the Disney Cruise Line fleet offers something for everyone. Of course, children and families are the focus: There's the Oceaneer Club, jam-packed with character-filled activities and experiences for the kids, and elaborate Broadway-style productions that will entertain your whole crew. But there's the unexpected, too, such as the adults-only Quiet Cove pool area, sophisticated Italian dining at specialty restaurant Palo, and a number of nightclubs and lounges. So bring the kids, but be sure to carve out some time for the two of you.

UPSCALE EXPERIENCE AT AN AFFORDABLE PRICE

Offering a range of ship sizes, from the 16- and 48-guest Galápagos Islands–based *Celebrity Xploration* and *Celebrity Xperience* to the 3,046-passenger *Celebrity Reflection*, Celebrity sets itself apart with contemporary design, exceptional cuisine, larger-than-average standard staterooms, and some once-in-a-lifetime itineraries (those Galápagos trips, for example). And with nearly one crew member for every two passengers, it's no wonder Celebrity is known for outstanding customer service. Onboard, cruisers can expect elegant signature spaces, including the outward-facing Eden on *Celebrity Edge*, as well as spa facilities that are considered among the best at sea and out-of-the-ordinary programming more commonly found on pricier luxury lines.

THE GOLDEN AGE OF CRUISING CONTINUES

Traditional is almost always used to characterize the Holland America Line. And that's perfectly fine with the company and crew. Attributes such as afternoon tea, superior art collections, and the availability of fixed dining times and tables are all hallmarks. But don't think traditional means antiquated — those classic touches merge seamlessly with contemporary innovations. On the *Koningsdam* and *Nieuw Statendam*, for example, the World Stage theater is outfitted with a two-story wraparound LED screen that enhances the live productions. So while you can appreciate some Golden Age throwbacks, there's never any question you're sailing in the 21st century.

P&O CRUISES

CHOOSE YOUR OWN ADVENTURE

Most cruise lines work hard to ensure amenities are relatively consistent. Generally speaking, what one ship has, the others have (either within a specific class or the entire fleet). P&O Cruises is the opposite. Top-flight service and accoutrements are unchanging, but each ship has a personality all its own. For starters, Arcadia and Oriana are reserved for adults only, so journeys to the Mediterranean, Norwegian fjords, and more can be had with added serenity. Family-friendly boats range from the mid-sized Oceana — with a night nursery and The Reef kids' club — to the 3,647-passenger Britannia, which has 10 restaurants and seven entertainment spaces.

SEABOURN

THE SEABOURN IDENTITY

When most people consider taking a cruise, the Seabourn experience is not at all what they're talking about. You won't find top-deck waterslides or thousands of people. This is small-ship cruising. None of Seabourn's vessels have more than 300 suites, although there is plenty of airy public space that's perfect for mingling with your fellow passengers. Conversation topics may run the gamut from the line's signature Caviar in the Surf Beach Party to the ports of call, and because smaller ships mean more distinct itineraries, that can include places such as Mykonos, Greece; Komodo Island, Indonesia; Abu Dhabi, United Arab Emirates; or Helsinki, Finland.

VIKING

FROM RHINE TO RHÔNE

Specializing in river journeys, Viking offers a completely different type of vacation, and a list of ports and attractions that other cruise lines can only hope to reach via prolonged shore excursions, if at all. With Viking, you may step off the boat and into downtown Vienna, Cologne, Moscow, or Budapest — not to mention countless riverside villages — or even drift amid the fascinating scenery of China's Yangtze River. Viking also has an ocean-cruising division, with six 930-passenger vessels that can take travelers to less-visited ports of call while offering the same elegance and attention to detail that the longships have provided for years.

Regent
SEVEN SEAS CRUISES

THE SUITE LIFE, HOLD THE SURCHARGES

Regent took the concept that originally made cruising so popular and perfected it. Fares are all-inclusive, which means there are no extra charges for specialty restaurants, wine, cocktails, or — get this — shore excursions. Yet don't think that means those services are substandard. To the contrary, Regent's four ships are some of the industry's most luxurious. Chefs cook with as much local produce as possible. All staterooms throughout the fleet are configured as suites, and 98 percent have balconies. And with itineraries around the globe, you can connect with communities from the Mediterranean to Asia and beyond during various land tours.

DELIGHTFUL DINNERS AND DAZZLING DESTINATIONS

Choosing Oceania means your destination possibilities are nearly endless. It's not too much of a stretch to say that if there's a place in the world you'd like to visit, if it can be reached by an oceangoing vessel, you can probably do so on an Oceania cruise. Itineraries range from Africa to Alaska, South America to the South Pacific, and Asia to the Caribbean. Or, if you have the time, consider an epic 180-day (or longer) around-the-world voyage. Remarkably, Oceania is even more renowned for its onboard gastronomy. OH, BUTLER …

Silversea is synonymous with cruising in comfort. The amenities — from the beauty salon to the oversize suites, all of which feature an ocean view, with most offering a private balcony — are, in a word, lavish. The standard butler service, though, is the true guest-relations standout. Your attendant will be on hand to help you unpack, make dinner reservations, polish your shoes, and much more. Which is good, because with so many potential ports of call to visit — more than 900 at last count — you'll be busy exploring some of the world's most remarkable locales.

STAY THE NIGHT

With Azamara, you're not just cruising — you're *traveling*. In other words, while the onboard accommodations are truly refined (think fresh-cut flowers in your cabin), Azamara's Destination Immersion concept ensures your itinerary remains the top priority. That means longer stays — late-night departures or even overnight stopovers are much more common with Azamara — at many ports of call, which make unique evening excursions possible. As for the itineraries themselves, Azamara sails familiar routes, but the smaller ships make more out-of-the-way stops, such as Amalfi, Italy; Santorini, Greece; and St. Barth. Because, ultimately, that's what *traveling* is all about.

CUNARD

ALL HAIL THE QUEENS

Cunard operates three ships: *Queen Elizabeth*, *Queen Victoria*, and *Queen Mary 2*, a vessel that claims a number of the cruise industry's classiest features. The biggest ballroom, for example. And the largest library, as well as a planetarium and a working kennel (for your traveling cat or dog). As the white-glove afternoon tea service — complete with scones and other snacks — demonstrates, Cunard is all about elegance. Relish it during a trans-Atlantic sailing, a signature route that harkens back to the line's beginnings and remains the best way to fully experience the grandest ship at sea.
